## RACIST CRIME

ONLY  
**30%**  
of racist crime  
victims  
REPORTED  
to the police

**28%**  
of crimes were  
reported to  
organisations other  
than the police.

## UNDERREPORTING

**60%**  
of other  
incidents

## ILLEGAL DISCRIMINATION

Cases were reported  
to a wide range of  
public and private  
sector organisations.

## HATE SPEECH

**49%** of social media hate  
speech cases were  
reported by the public to  
social media platforms.

Only **4** of these  
posts were **removed** and  
**1 user suspended**  
temporarily

Most victims of racist crime would like **anonymous reporting and self-report form** to make reporting to Gardaí easier.
