

ANTI-RACISM ELECTION PROTOCOL 2024

#AREP24

The Anti-Racism Election Protocol has played an important role since 2001 in ensuring that elections have been conducted in such a way that they do not incite hatred or prejudice on the grounds of 'race', colour, nationality or ethnic or national origin, religious belief and membership of the Traveller Community.

The Irish Network Against Racism is inviting political representatives to demonstrate and renew their commitment to anti-racism by signing this declaration as an indication of their support and endorsement of the Protocol.
